A Message to Student Athletes and Parents

Welcome to Immaculata-La Salle Athletics, home of the Royal Lions!

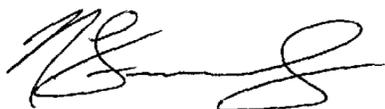

We here at ILS are extremely excited to welcome all students, parents and supporters of the Royal Lions. Athletics are a vital part of our school community and provide a solid foundation for the growth and development of our young men and women. As a school we want to continue to build and grow our student-athletes spiritually, physically and emotionally. We believe that participation in athletics promotes qualities like character, accountability and discipline, as well as working on important virtues like patience, sportsmanship and humility. These reasons, and many more, have been outlined in this handbook to allow us to hold your athletic department in the highest regard in our pursuit of excellence.

There are a number of stakeholders involved in the athletic department that aid in the development and operation of a successful program. For ILS student-athletes and coaches to succeed, a certain level of ability and preparation is required. In addition, we expect the student-athletes, coaches and parents to adhere to the rules and regulations outlined in this handbook. Please read and review these policies carefully. We urge all student-athletes and parents to familiarize themselves with the goals and purposes of our Salesian athletic program. Allow us to use athletics the way it was intended: as a teaching tool that allows our student-athletes to create goals, compete, celebrate, and learn to deal with the successes and hardships that follow as a member of the Royal Lion athletic program.

Thank you for your support, and welcome to another exciting year of Immaculata-La Salle Athletics! We look forward to all the experiences this year has to offer while we represent our school to the best of our abilities. We are all excited to be a part of a long-lasting tradition of excellence here at Immaculata-La Salle!

GO ROYAL LIONS!

Many Blessings,

INTRODUCTION

Interscholastic athletes can be fun, rewarding, and memorable part of the high school experience. While academics offer the primary source for formal education, athletics can contribute to the total value of that education in many different ways. Building upon the concepts of teamwork, fair play, sportsmanship, and self-esteem, athletics can help to provide for a well-rounded educational experience.

Athletic participation is a privilege and not a right. To those who strive to succeed in the classroom comes the privilege to compete outside of it.

Being an athlete, or the parent of an athlete, is often a very challenging task. Sometimes this relationship can become complicated by the nature and structure of athletics in general. It is the intent of this Athletic Handbook to provide some insights into the role and responsibilities athletes and parents face and share, separately and together, in the realm of high school athletic participation.

The high school sports experience is much different than the recreational sport experience. Whereas recreational sport philosophy stresses equal participation by all, at the interscholastic level playing time is earned and not guaranteed.

Student-athletes earn playing time through good work ethics in practice, skill development, sportsmanship, and overall team attitude. Likewise, not all who try out for a given team will endure through the final selection process to make the team roster. Coaches are responsible for the selection of team rosters and for the determination of playing time for those on the team.

RULES AND REGULATIONS

Athletic Participation

1. Twelfth graders may participate at the varsity level only. Exceptions to this rule will be approved by the Athletic Director.
2. Eleventh graders should participate at the varsity level, but may participate on junior varsity teams.
3. Tenth graders may participate at the junior varsity level, but may participate at the varsity level.
4. Ninth graders should participate at the ninth grade/JV level if it is offered, but are eligible to move up to varsity.

5. Student athletes have four consecutive years of eligibility starting when they first enter ninth grade.
6. If a student quits a sport before the season is over, he/she is **NOT** allowed to participate in another sport until that sport's season is completed, unless the coaches and Athletic Director agree to let a student start another sport.

ATHLETIC REQUIREMENTS AND ELIGIBILITY

State law, the regulation of the FHSAA, governs eligibility rules and policy established by the Administration of Immaculata-LaSalle High School. All required forms are available in the ILS office, on the ILS website, www.ilsroyals.com and the FHSAA website, www.fhsaa.org. In order for an athlete to be eligible:

1. The FHSAA requires all student athletes must show proof of health insurance. School insurance and Medicaid are acceptable in meeting this requirement.
2. A student may participate in interscholastic athletic competition until reaching the age of 19, unless his/her birthday is after September 1 of their Senior Year. Upon reaching the age of 19 prior to September 1 of their Senior year, the student becomes ineligible to compete in interscholastic sports.
3. A high school student will have four years of consecutive eligibility. If the four years of eligibility expires while a student is still in season, he/she will be allowed to complete their sport's season, but will not be eligible for the next sport season.
4. According to school policy, a student must pass at least six (6) subjects in a marking period, and maintain a GPA of at least a 2.0 on a 4.0 **unweighted** scale for the semester in order to be eligible to participate in athletics for the next semester. ILS personnel will monitor 1st quarter grades, 1st semester grades and the finals grade for purposes of determining eligibility. If a student falls to a 2.5 or lower unweighted GPA at any point during a marking period, a weekly progress report will be issued to the student; the student is to have it filled out on Friday and turn it in to his/her coach as soon as possible.
5. A student must have a yearly FHSAA physical form documented by a Florida doctor before he/she can participate in a sport. All students must have a signed Parent Consent form and Consent Certificate for Concussion and Heat Related Illness form on file with the athletic office.

a. Please Upload all Athletic Forms to our [FamilyID](#) page. (Click link)

6. All students must have signed Student/Parent Verification form before participating in a sport at Immaculata-LaSalle.
7. Transfer students **may be** allowed to participate in athletic competition under certain circumstances set forth by the FHSAA. Notification needs to be made to the Athletic Director before arrangements are made to apply for transfer eligibility. Transfer student may not participate in any way on any team until cleared by the FHSAA and notified by the athletic office.

***An athlete who falsifies information to gain eligibility status that causes a member school to violate eligibility rules shall be declared ineligible to represent any member school for a period of one year from the date of discovery of the violation.*

NCAA REQUIREMENTS

FANS

Immaculata-LaSalle fans, like ILS student athletes, are a proud group of individuals and are fiercely competitive. An outpouring of fans generates a great deal of excitement and energy felt by the participating student athletes. Coaches, student athletes, and fans rate the “fan-factor” as integral to the success of their teams.

At ILS, positive cheering is employed. “Positive cheering” is defined as yelling, screaming, shouting, clapping, etc. as enthusiastically as you wish for our team. **Negative comments or actions will not be tolerated against our guests** (otherwise known as opponents). **The use of artificial noisemakers shall be prohibited.** We want to be hospitable and also help our teams to win. Failure to abide by these rules may lead to removal from the area of competition immediately.

Game officials are individuals charged with enforcing the rules and maintaining control of the game. They are to be extended every courtesy and respect by team players, coaches and fans. Any interference with game play in a derogatory manner through verbal or physical contact with a game official, coach, or student-athlete may lead to removal from the area of competition immediately. Please understand that ILS depends on a high degree of fan participation on the part of its student body, alumni, parents, faculty, and staff. It is this loyal support that promotes excellence and brings championships. With the help of fans, the proud athletic tradition of Immaculata-La Salle will continue to flourish.

PARENT/COACH RELATIONSHIP

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide great benefit to the student athlete.

As parents, when your child(ren) become involved in the school’s athletic program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child’s chosen athletic program.

As your child(ren) becomes involved in the programs available at Immaculata-LaSalle High School, they will experience some of the most rewarding moments of their lives. It is important to understand that there may also be times when things do not go the way you or your child wishes. At these times, a calm, rational discussion with the coach is encouraged.

Athletic Team Travel Information: Athletic Events

Parents hereby acknowledge and agree that ILS will offer transportation via bus to and from away games. A time will be given by the Coach to their team to meet at the bus which will be parked in front of the gymnasium at ILS. If a student- athlete is late and the bus leaves then he/she will not be able to attend the game.

Parents who wish to drive their child to athletic events must email Athletic Director & Head Coach of team from their ILS Parent Email prior to the day of game. In the case where a parent wants their child to ride with another ILS parent, they would also need to Email Athletic Director & Head Coach giving consent for their child to ride with another parent. If a student misses the bus, the student’s parent may drive the student to the game.

Students will be allowed to drive themselves to athletic events as long as the student's parents has given their permission in writing by emailing the Athletic Director and Head Coach the day before the game.

Any questions or concerns feel free to contact Athletic Director Mr. Fernandez or Assistant Athletic Director Mr. De La Grana.

- (4) placing a student in reasonable fear of damage to or loss of personal property; or
- (5) creating an intimidating or hostile environment that substantially interferes with a student's educational opportunities or the Catholic mission of the school.

1. **Definition**

- a. **Bullying** is the willful and repeated harm inflicted upon another individual which may involve but is not limited to: teasing, name-calling, slurs, rumors, jokes, false accusations, intimidation, stalking, innuendos, demeaning comments, pranks, social isolation, gestures, cyber-bullying or other verbal or written conduct. Cyber-bullying includes the following misuses of digital technology: teasing, intimidating, or making false accusations about another student by way of any technological tool, such as sending or posting inappropriate email messages, instant messages, text messages, digital images or website postings (including blogs and social network sites). Bullying reflects a pattern of behavior, not a single isolated incident.
- b. This definition includes students who either directly engage in an act of bullying or who, by their behavior, support another student's act of bullying.

2. **Scope**

- a. This policy prohibits bullying that occurs either:
 - i. on school premises before, during, or after school hours;
 - ii. on any bus or vehicle as part of any school activity; or
 - iii. during any school function, extracurricular activity or other school-sponsored event or activity.

3. **Reporting Complaints**

- a. Each student and parent has a duty to report any bullying to the school immediately. If a student experiences (or a parent witnesses or learns of) any incident of bullying, the incident must be promptly reported to the school principal. The principal will provide the student/parent with the

Bullying Complaint Report Form which must be completed, dated and signed by the complaining party so that the school may initiate further inquiry, when appropriate.

4. Disciplinary Action

- a. Any student found to have violated this policy may be subject to appropriate disciplinary action, which may include: temporary removal from the classroom, loss of privileges, detention, counseling, parent conference, suspension, expulsion, and/or notification to appropriate authorities. The disciplinary action may be unique to the individual incident and may vary in method and severity based on the principal's discretion.

False reports or accusations of bullying also constitute a violation of this policy and may subject the offending party to appropriate remedial action which may include, but is not limited to, the assessment of costs incurred by the School in its investigation and review of any reports deemed to have been made in bad faith.

Child Protective Investigations: Florida law provides that any person who knows or has reasonable cause to suspect that a child is abused by a parent, legal custodian, caregiver or other person responsible for the child's welfare must report such knowledge to the Department of Children and Families (DCF). The school will cooperate with all child protective investigations by DCF or the local law enforcement agency. Reports should be made to Florida's Department of Children and Families by calling the Abuse Hotline at: 1-800-96-ABUSE (1-800-962-2873).

Child protective investigations by DCF or local law enforcement agencies sometimes include interviews of students at school and may occur without advance notice. When it is reasonably possible, the school will seek to notify the parents that their child has been asked to participate in a child protective investigation. The school may also request the presence of a school staff member during investigative interviews on school property. However, please note that, under Florida law, DCF and local law enforcement have the discretion to conduct unannounced interviews and to disallow school staff member's presence during these interviews.

Conduct: Students and Parents are expected to behave consistent with the mission, philosophy and spirit of the school and the moral teachings of the Catholic faith as determined by the Archbishop of the Archdiocese of Miami. Because the school cannot anticipate all conduct that violates this policy, it reserves the right to take any form of (1) student disciplinary action, including expulsion, and/or (2) restrictions against any behavior that violates this policy, even if not specifically stated in this handbook.

Drug and Alcohol Policy: The use or possession of illegal drugs or illegal mood-altering substances, alcoholic beverages, drug-related paraphernalia, or the abuse of prescription or over-the-counter drugs by any student on school property or while attending or participating in any school-sponsored activity or at any time the student is wearing a school uniform is forbidden. Transgression of this rule will result in disciplinary action, which may include expulsion from the school, even for a first offense.

Any student selling drugs on school property or at school functions may be immediately expelled.

The school is committed to a drug-free environment. This commitment may, under some circumstances, prompt a need for testing of students for evidence of substance abuse.

If a student exhibits the symptoms, or is suspected of substance abuse, the school may require that the student undergo substance abuse testing at the parents' expense. If the results of the test suggest abuse (and the substance was not used on or brought to campus or a school-related activity), the school will normally use this information to help the student seek assistance. Refusal to participate in such a test may result in expulsion from the school.

At times, the school may choose to conduct random drug testing of the student body at the parents' expense. While this measure may not often be implemented, given the seriousness of substance abuse, the administration may consider it an effective and justifiable way of combating the problem.

A school may conduct random searches as set forth in this handbook.

Electronic Acknowledgments: Periodically, the school may require that parents or guardians make electronic acknowledgments confirming the receipt and/or acceptance of various policies, procedures, notices, releases or updates. Any time a parent/guardian makes an electronic acknowledgment by clicking "submit" or "accept" on an electronic document, that individual is agreeing that he/she has read, understood, and agrees to be bound by the contents of the electronic document. Electronic acknowledgments and signatures are valid and binding and may serve as consent to the contents of any electronic communication. Parents and guardians are responsible for reviewing the contents of any electronic document prior to making any electronic acknowledgments. In addition, Parents/Guardians, by executing the acknowledgement of receipt of this Handbook, HEREBY AGREE to receive and be bound by electronic acknowledgments.

Fundraising: No student may solicit funds in the school's name unless such solicitation has been authorized in writing by the principal.

Harassment and Discrimination: The school is committed to providing an environment that is free of discrimination and harassment. In keeping with this commitment, the school will not tolerate harassment or discrimination on the basis of a person's protected status, such as gender, color, race, ancestry, national origin, age, physical disability, mental condition, marital status, veteran status, citizenship status. All employees, faculty members and students are protected under this policy. In addition, this policy applies to all conduct occurring on school grounds, at assignments outside the school, or at school-sponsored events. All students are responsible for helping to assure that any harassment or discrimination is reported. If a student witnesses or learns of any conduct that violates this policy, the student must immediately report the incident to his/her principal. If, however, the principal is the individual who is believed to have engaged in the inappropriate conduct, the student should notify the Superintendent of Schools of the Archdiocese of Miami. If an investigation reveals that inappropriate conduct has occurred, the school will take corrective action based on the circumstances.

Medications: Students are not permitted to carry or distribute any prescription or non-prescription drugs or treatments, including aspirin, on the school grounds or at any school function. The administering of medicine to a student outside the doctor's office or a health institution is a parental responsibility and should not be delegated to school personnel except under unusual circumstances. Parents should ask their physicians if it is possible to prescribe medication so it can be administered at home. Only when necessary will the school allow the administration of medication on campus, and only under the following guidelines:

1. An "Authorization for Medication" form must be completed and submitted by a parent or legal guardian of the student. The name of the medication and dosage should be indicated on the form.
2. Medications to be taken by students must be personally brought by the parent or legal guardian to the School Office. Medications to be dispensed at school must be labeled with the child's name and the exact dosage. The name and telephone number of the physician should also be on the label. Students may not bring the medication to school alone.
3. If a student must take any medication during the school day, the medication must be kept with the Nurse or School Office and the student must go there to take it.
4. While the school will monitor a student taking the medication, the school will not remind students to come and take their medication.

Exceptions to this policy may also be made for the use, supply and administration of an epinephrine auto-injection (Epi-pen).

Private Tutoring, Coaching or Lessons: Except as specifically noted in this Handbook, the school does not sponsor, oversee, or otherwise provide private tutoring, coaching, therapy or other similar private lessons or services. Parents who engage school staff members for the provision of these services do so at

their own risk and expense and are hereby advised that such services are outside the scope of the staff member's employment with the school. **Parents, by executing the acknowledgment of receipt of this Handbook HEREBY RELEASE the school, the Archdiocese, and their corporate members, officers, employees, affiliates, and agents from any claims or liabilities that allegedly arise from or are related to the provision of private tutoring, coaching, therapy or other similar private lessons or services, regardless of where they may occur.**

Public Display of Affection: The Catholic school promotes friendship, charity, kindness, love and respect for self and others. However, inappropriate displays of affection, such as kissing or embracing which connote more than simple friendship, are not permitted in school, at school dances, or at any school event. Those who violate these rules may be subject to disciplinary measures, including detention, suspension or expulsion. The administration reserves the right to determine what is, or is not, appropriate behavior in a Catholic school.

School-Sponsored Events: The school does not sponsor, oversee, or in any way control parties or social functions at private residences. School-sanctioned events, including all field trips, excursions, or parties, are specifically identified in this Handbook or are identified in the school calendar and/or written notices generated and distributed by the school.

Parents, by executing the acknowledgment of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, affiliates, and agents, from any claims or liabilities that allegedly arise from or are related to attendance at parties or social functions at private residences or from participation/attendance at events not identified in the school calendar or in written notices from the school, including field trips, excursions, or parties.

Students engaged in conduct that is contrary to the mission and philosophy of the school may be subject to disciplinary action regardless of whether the conduct occurred at a school-sponsored function.

Search and Seizure Policy: The principal and his/her designee has access to any lockers, handbags, electronic devices, cell phones, book bags, desks, cars or any other object that is brought onto the campus of the school or any school-sponsored event, and may remove or confiscate any object which is illegal or contrary to school policy.

Threats of Violence: The disciplinary consequences for a student whose verbal or written comments, including email messages, that threaten serious bodily harm to another student or member of the faculty or staff or destruction of property, may include, but not be limited to:

1. Immediate suspension from the school;
2. Treatment or consultation by a psychologist or psychiatrist at the parents' expense and/or by the school counselor, both of whom may be asked to submit a written evaluation. If it is determined that the child was serious about the threat and has the capacity to carry it out, the child may be expelled from the school. If it is determined that the child did not seriously intend to do harm to others, the child may be allowed to return to the school, at the discretion of the school principal.
3. If allowed to return to school, the child may be placed on probation with an indication that, should a similar threat occur, the child will be expelled from school;
4. The school should inform the Department of Schools of these cases. The school may submit an informational report to the police.

Use of Photos: The school reserves the right to use student or parent photos in any school or Archdiocesan publication including but not limited to print publications, videos, or websites including Facebook, Twitter and other social media websites. Any parent who does not want his or her child's picture or video to be used accordingly must notify the school's principal in writing prior to the beginning of the school year. **By executing this acknowledgement of receipt of this Handbook, Parents HEREBY CONSENT, authorize and grant permission to the school, the Archdiocese of Miami, and their agents, employees or duly authorized representatives to photograph or videotape students and parents and CONSENT**

to their publication for any purpose deemed proper by the school, including but not limited to, use on the internet.

Additionally, Parents, by executing this acknowledgement of receipt of this Handbook, HEREBY RELEASE the school, the Archdiocese of Miami, and their corporate members, officers, employees, and agents, from any claims or liabilities that allegedly arise from or are related to the use of student or parent photos.

Weapons Policy: Weapons are not permitted anywhere on school grounds. Anyone who brings a weapon on school grounds, who is in possession of a weapon, or who threatens others with a weapon may be expelled from the school. Any item used to threaten or cause bodily harm may be considered a weapon.

Part 1. Student Acknowledgement and Release (to be signed by student at the bottom)

I have read the (condensed) FHSAA Eligibility Rules printed on Page 4 of this "Consent and Release Certificate" and know of no reason why I am not eligible to represent my school in interscholastic athletic competition. If accepted as a representative, I agree to follow the rules of my school and FHSAA and to abide by their decisions. I know that athletic participation is a privilege. I know of the risks involved in athletic participation, understand that serious injury, including the potential for a concussion, and even death, is possible in such participation, and choose to accept such risks. I voluntarily accept any and all responsibility for my own safety and welfare while participating in athletics, with full understanding of the risks involved. Should I be 18 years of age or older, or should I be emancipated from my parent(s)/guardian(s), I hereby release and hold harmless my school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against FHSAA because of any accident or mishap involving my athletic participation. I hereby authorize the use or disclosure of my individually identifiable health information should treatment for illness or injury become necessary. I hereby grant to FHSAA the right to review all records relevant to my athletic eligibility including, but not limited to, my records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. I hereby grant the released parties the right to photograph and/or videotape me and further to use my name, face, likeness, voice and appearance in connection with exhibitions, publicity, advertising, promotional and commercial materials without reservation or limitation. The released parties, however, are under no obligation to exercise said rights herein. I understand that the authorizations and rights granted herein are voluntary and that I may revoke any or all of them at any time by submitting said revocation in writing to my school. By doing so, however, I understand that I will no longer be eligible for participation in interscholastic athletics.

Part 2. Parental/Guardian Consent, Acknowledgement and Release (to be completed and signed by a parent(s)/guardian(s) at the bottom; where divorced or separated, parent/guardian with legal custody must sign.)

I know of, and acknowledge that my child/ward knows of, the risks involved in interscholastic athletic participation, understand that serious injury, and even death, is possible in such participation and choose to accept any and all responsibility for his/her safety and welfare while participating in athletics. With full understanding of the risks involved, I release and hold harmless my child's/ward's school, the schools against which it competes, the school district, the contest officials and FHSAA of any and all responsibility and liability for any injury or claim resulting from such athletic participation and agree to take no legal action against the FHSAA because of any accident or mishap involving the athletic participation of my child/ward. As required by F.S. 1014.06(1), I specifically authorize healthcare services to be provided for my child/ward by a healthcare practitioner, as defined in F.S. 456.001, or someone under the direct supervision of a healthcare practitioner, should the need arise for such treatment, while my child/ward is under the supervision of the school. I further hereby authorize the use or disclosure of my child's/ward's individually identifiable health information should treatment for illness or injury become necessary. I consent to the disclosure to the FHSAA, upon its request, of all records relevant to my child/ward's athletic eligibility including, but not limited to, records relating to enrollment and attendance, academic standing, age, discipline, finances, residence and physical fitness. Consent and Release from Liability Certificate for Concussions (Page 2 of 4)

This completed form must be kept on file by the school. This form is valid for 365 calendar days from the date of the most recent signature.

School: _____ School District (if applicable): _____

Concussion Information

Concussion is a brain injury. Concussions, as well as all other head injuries, are serious. They can be caused by a bump, a twist of the head, sudden deceleration or acceleration, a blow or jolt to the head, or by a blow to another part of the body with force transmitted to the head. You can't see a concussion, and more than 90% of all concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. All concussions are potentially serious and, if not managed properly, may result in complications including brain damage and, in rare cases, even death. Even a "ding" or a bump on the head can be serious. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, your child should be immediately removed from play, evaluated by a medical professional and cleared by a medical doctor.

Signs and Symptoms of a Concussion:

Concussion symptoms may appear immediately after the injury or can take several days to appear. Studies have shown that it takes on average 10-14 days or longer for symptoms to resolve and, in rare cases or if the athlete has sustained multiple concussions, the symptoms can be prolonged. Signs and symptoms of concussion can include: (not all-inclusive)

- Vacant stare or seeing stars
• Lack of awareness of surroundings
• Emotions out of proportion to circumstances (inappropriate crying or anger)
• Headache or persistent headache, nausea, vomiting
• Altered vision
• Sensitivity to light or noise
• Delayed verbal and motor responses
• Disorientation, slurred or incoherent speech
• Dizziness, including light-headedness, vertigo(spinning) or loss of equilibrium (being off balance or swimming sensation)
• Decreased coordination, reaction time
• Confusion and inability to focus attention
• Memory loss
• Sudden change in academic performance or drop in grades
• Irritability, depression, anxiety, sleep disturbances, easy fatigability
• In rare cases, loss of consciousness

DANGERS if your child continues to play with a concussion or returns too soon:

Athletes with signs and symptoms of concussion should be removed from activity (play or practice) immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to sustaining another concussion. Athletes who sustain a second concussion before the symptoms of the first concussion have resolved and the brain has had a chance to heal are at risk for prolonged concussion symptoms, permanent disability and even death (called "Second Impact Syndrome" where the brain swells uncontrollably). There is also evidence that multiple concussions can lead to long-term symptoms, including early dementia.

Steps to take if you suspect your child has suffered a concussion:

Any athlete suspected of suffering a concussion should be removed from the activity immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance from an appropriate health-care professional (AHCP). In Florida, an appropriate health-care professional (AHCP) is defined as either a licensed physician (MD, as per Chapter 458, Florida Statutes), a licensed osteopathic physician (DO, as per Chapter 459, Florida Statutes). Close observation of the athlete should continue for several hours. You should also seek medical care and inform your child's coach if you think that your child may have a concussion. Remember, it's better to miss one game than to have your life changed forever. When in doubt, sit them out.

Return to play or practice:

Following physician evaluation, the return to activity process requires the athlete to be completely symptom free, after which time they would complete a step-wise protocol under the supervision of a licensed athletic trainer, coach or medical professional and then, receive written medical clearance of an AHCP.

Statement of Student Athlete Responsibility

Parents and students should be aware of preliminary evidence that suggests repeat concussions, and even hits that do not cause a symptomatic concussion, may lead to abnormal brain changes which can only be seen on autopsy (known as Chronic Traumatic Encephalopathy (CTE)). There have been case reports suggesting the development of Parkinson's-like symptoms, Amyotrophic Lateral Sclerosis (ALS), severe traumatic brain injury, depression, and long term memory issues that may be related to concussion history. Further research on this topic is needed before any conclusions can be drawn.

I acknowledge the annual requirement for my child/ward to view "Concussion in Sports" at www.nfhslearn.com. I accept responsibility for reporting all injuries and illnesses to my parents, team doctor, athletic trainer, or coaches associated with my sport including any signs and symptoms of CONCUSSION. I have read and understand the above information on concussion. I will inform the supervising coach, athletic trainer or team physician immediately if I experience any of these symptoms or witness a teammate with these symptoms. Furthermore, I have been advised of the dangers of participation for myself and that of my child/ward.

Concussion Policies

1. If a student/athlete sustains a blow or hit directly or indirectly to the head they are to be immediately referred to the school's Certified Athletic Trainer.
2. If the Certified Athletic Trainer, based on his/her assessment, determines that the student/athlete is experiencing or has experienced concussion symptoms regardless of how long it lasted, he/she is to immediately inform the parents of the student/athlete of the situation and instruct them on precautions and when it would be necessary to take their child to the hospital emergency room if needed. Also, instruct the parents on the School concussion procedures, as listed.
3. School is to abide by the orders prescribed by the medical doctor regarding the student's academic duties.
4. If a concussion is deemed sustained to a student/athlete, he/she will be encouraged to be seen by a specialized medical Sports Concussion Team relative to the Sports Medicine Pediatric Concussion Guidelines, their prescription is to be strictly adhered to concerning the academic and athletic activities of the student/athlete. These guidelines have to adhere to four principles: pass a clinical evaluation by a MD or DO, number of consecutive asymptomatic days, number of physical asymptomatic exertion days, supervised by the school Certified Athletic Trainer and pass the Impact Post Injury Test, as revealed by the attending Physician.
5. If the student/athlete is seen by a MD or DO and is cleared to participate in sports without adhering to the above mentioned guidelines (no. 4 – four principles), the student athlete then has to adhere to 7 consecutive asymptomatic days, 3 exertional asymptomatic days, supervised by the school Certified Athletic Trainer and pass the post injury impact test, as assessed by University of Miami Concussion Center.
